**State or Local Government: FY 2017 Certification of Compliance with 8 U.S.C. § 1373**

On behalf of the applicant government entity named below, and in support of its application, I certify under penalty of perjury to the Office of Justice Programs ("OJP"), U.S. Department of Justice ("USDOJ"), that all of the following are true and correct:

- (1) I am the chief legal officer of the State or local government of which the applicant entity named below is a part ("the jurisdiction"), and I have the authority to make this certification on behalf of the jurisdiction and the applicant entity (that is, the entity applying directly to OJP). I understand that OJP will rely upon this certification as a material representation in any decision to make an award to the applicant entity.
- (2) I have carefully reviewed 8 U.S.C. § 1373(a) and (b), including the prohibitions on certain actions by State and local government entities, -agencies, and -officials regarding information on citizenship and immigration status. I also have reviewed the provisions set out at (or referenced in) 8 U.S.C. § 1551 note ("Abolition ... and Transfer of Functions"), pursuant to which references to the "Immigration and Naturalization Service" in 8 U.S.C. § 1373 are to be read, as a legal matter, as references to particular components of the U.S. Department of Homeland Security.
- (3) I (and also the applicant entity) understand that the U.S. Department of Justice will require States and local governments (and agencies or other entities thereof) to comply with 8 U.S.C. § 1373, with respect to any "program or activity" funded in whole or in part with the federal financial assistance provided through the FY 2017 OJP program under which this certification is being submitted ("the FY 2017 OJP Program" identified below), specifically including any such "program or activity" of a governmental entity or -agency that is a subrecipient (at any tier) of funds under the FY 2017 OJP Program.
- (4) I (and also the applicant entity) understand that, for purposes of this certification, "program or activity" means what it means under title VI of the Civil Rights Act of 1964 (see 42 U.S.C. § 2000d-4a), and that terms used in this certification that are defined in 8 U.S.C. § 1101 mean what they mean under that section 1101, except that the term "State" also shall include American Samoa (cf. 42 U.S.C. § 901(a)(2)). Also, I understand that, for purposes of this certification, neither a "public" institution of higher education (i.e., one that is owned, controlled, or directly funded by a State or local government) nor an Indian tribe is considered a State or local government entity or -agency.
- (5) I have conducted (or caused to be conducted for me) a diligent inquiry and review concerning both—
  - (a) the "program or activity" to be funded (in whole or in part) with the federal financial assistance sought by the applicant entity under this FY 2017 OJP Program; and
  - (b) any prohibitions or restrictions potentially applicable to the "program or activity" sought to be funded under the FY 2017 OJP Program that deal with sending to, requesting or receiving from, maintaining, or exchanging information of the types described in 8 U.S.C. § 1373(a) or (b), whether imposed by a State or local government entity, -agency, or -official.
- (6) As of the date of this certification, neither the jurisdiction nor any entity, agency, or official of the jurisdiction has in effect, purports to have in effect, or is subject to or bound by, any prohibition or any restriction that would apply to the "program or activity" to be funded in whole or in part under the FY 2017 OJP Program (which, for the specific purpose of this paragraph 6, shall not be understood to include any such "program or activity" of any subrecipient at any tier), and that deals with either— (1) a government entity or -official sending or receiving information regarding citizenship or immigration status as described in 8 U.S.C. § 1373(a); or (2) a government entity or -agency sending to, requesting or receiving from, maintaining, or exchanging information of the types (and with respect to the entities) described in 8 U.S.C. § 1373(b).

I acknowledge that a materially false, fictitious, or fraudulent statement (or concealment or omission of a material fact) in this certification, or in the application that it supports, may be the subject of criminal prosecution (including under 18 U.S.C. §§ 1001 and/or 1621, and/or 42 U.S.C. § 3795a), and also may subject me and the applicant entity to civil penalties and administrative remedies for false claims or otherwise (including under 31 U.S.C. §§ 3729-3730 and §§ 3801-3812). ## INTRODUCTION

The cities of Longview and Cowlitz County are completing a joint application, as a disparate jurisdiction, for funding for the FY 2017 Edward Byrne Memorial Justice Assistance Grant in the total amount of \$15,448. The city of Longview will be the lead applicant in this joint application.

### Longview Police Department

Longview Police Department proposes to fund a portion of the salary and benefits for a School Resource Officer position. Longview Police Department is requesting funding in the amount of \$15,448 to pay for part of the School Resource Officer program.

### Cowlitz County Sheriff's Office

Cowlitz County Sheriff's Office has agreed to allow Longview Police Department to use the entire grant award of \$15,448 for Longview's law enforcement program.

## STATEMENT OF PROBLEM

### Longview Police Department

The city of Longview is the largest city in Cowlitz County with a population of approximately 37,000. Cowlitz County's population is approximately 105,000. Longview Police Department currently has 59 authorized commissioned police officers and has been approved to over hire by 1 additional police officer position. Longview Police has relied on "high crime funding" from the state of Washington to fund the School Resource Officer program as well as other programs. In January 2013, a budget shortfall forced Longview Police Department to reduce staffing by 1 commissioned police officer position and 1 civilian clerk position. As a result of recent minor improvements in the local economy and the continual increase in narcotics violations in Longview, two new commissioned officer positions were

funded for the police department beginning in 2015. These positions were funded to work in our Street Crimes Unit. This unit focuses primarily on drug and weapon investigations. From 2016 to 2017, the city of Longview's crime rate decreased and subsequently our high crime funding also decreased by approximately \$176,000. Therefore, in an effort to continue the work of the School Resource Officer program, Longview Police Department is requesting to continue to use JAG funds to pay for a portion of one School Resource Officer position.

The city of Longview's crime rate has been far above the state average for many years. In 2016, Longview's Group A crime rate (NIBRS reporting) was 107.2 crimes per 1,000 population. This is a decrease of 5.5% from 2015 Longview crime levels. Whereas, the 2016 rate for the state of Washington is 67.5 crimes per 1,000 population, Longview's crime rate has remained significantly higher (1.59 times higher in 2016) than the Washington state average. The city of Longview's crime rate is more than 4 times higher than the state are drug violations (LV rate = 11.1, WA state rate = 2.63)

The Longview School Resource Officer program was started 20 years ago. This program was initially funded with the use of Local Law Enforcement Block Grant funds, city of Longview funds and Longview school district funds. As city funds were reduced, this program was funded with high crime grant funds as well as funds from the Longview School District. From 2010 through 2017, LPD used its share of the JAG funds to fund a portion of the School Resource officer program.

## **PROJECT DESIGN & IMPLEMENTATION**

### Longview Police Department

Longview Police Department would like to use grant funds to continue the School Resource Officer (SRO) program.

Longview Police Department currently has 2 School Resource Officers. Longview is home to two (2) high schools and three (3) middle schools. Each school officer is responsible for one (1) of the high schools and the corresponding feeder middle school(s). Our patrol units respond to police calls for service at the elementary schools currently because the current volume of calls/workload in the middle and high schools.

During the 2016-2017 school year (September 7, 2016-June 23, 2017), our School Officers have responded to 150 calls for police service in the schools. Of those 150 calls, 29 have resulted in an arrest. Preventing violence is one of the main goals of our school officers. Our SROs work together with students and school staff to intervene the prevent violence in the schools. A benefit of having officers assigned to our schools is increased efficiency in responding to matters that do occur in the schools. Before the school officer program, patrol officers were dispatched to the school incidents. A patrol response takes more time as an officer has to drive to the school. Also, higher priority calls occurring throughout the city could further delay a response to the schools. During that response time, calls can escalate requiring school staff to intervene. By having SROs on site, the officer is able to quickly respond to unfolding incidents thereby allowing patrol officers to continue to conduct proactive policing and respond to the 47,000 calls that occur in the city every year.

Through the school officer program, Longview Police Department works together with Longview School District to prevent school crime before it occurs, to identify safety concerns and work together in developing school safety plans. This partnership also benefits our youth as school officials and school officers work together to problem solve student conflict and mentor youth.

Longview Police Department holds an annual strategic planning session to identify goals and actions for the upcoming year. Through that process the development of a Police Cadet program was created. Youth aged 16-21 are eligible to participate in the program. Longview Police School Officers have shared information about this program with students and some of our Cadets have been recruited through their efforts. This program provides educational opportunities for youth regarding law enforcement as a profession as well as a mentoring opportunity.

Prevention and intervention in the schools are a benefit of this program as is the investigative information that students share with SROs when crimes do occur. Through the use of cellular phones, you tube, social networking sites and live streaming, students who witness crimes are sharing large amount of information and evidence when crimes are in progress or have recently occurred. By having officers in the schools, students begin to trust law enforcement and share information with our SROs via many different forms of technology which has benefited our investigations and led to arrests that would likely have not occurred without this information sharing/trust that has been established between the SROs and the students. In April 2017, a Longview student sent a photo of himself and another youth holding weapons that were later found to be airsoft pistols with a caption warning students not to come to school the following day via snapchat. This photo was shared via snapchat with other youth and Longview Police Department received numerous calls of this school violence threat. Officers were able to locate the students involved in this threat and make arrests, thereby preventing school violence from occurring.

As the lead applicant, the city of Longview will administer all grant funds and will also be responsible for collecting documentation to support grant expenses as well as collecting

necessary data for both financial and program reports due to the Office of Justice Programs. The city of Longview will create a separate account for the Justice Assistance Grant and all grant invoices will be charged to that account.

### **CAPABILITIES & COMPETENCIES**

In addition to the collaboration that occurs between Longview Police Department and Longview School District in identifying youth who may be interested in participating in the Longview Police Cadet program. Longview Police Department also works collaboratively with Kelso School District for this same purpose of identifying youth who are interested in the Police Cadet program. Kelso School District created a police science course. Many students who take this course are interested in applying to our Police Cadet program as Kelso does not have such a program.

### **DATA COLLECTION PLAN**

Data regarding school officer involvement in police incidents at the schools is gathered in our Computer Aided Dispatch system. Incidents that rise to the level of an arrest or an informational report are documented in our Records Management System. Our Crime Analyst queries those systems to identify school officer data.

### **CONCLUSION**

The city of Longview has been experiencing tough economic times for several years and has delayed many necessary maintenance items city wide (streets, facility maintenance & repairs, and vehicle replacement) as a result. As the economy continues to rebound in Cowlitz County, the city is tasked with repairing/maintaining/replacing items that were delayed in the tougher economic times. This year, with the loss of approximately \$176,000 in high crime funds, our

need for grant funding to continue this program is essential. The Justice Assistance Grant funding will provide the department with funds to maintain the school officer program.
